

India IGF (IIGF-2022) Workshop

Part 1 - Lead Organizer

Salutation	Mr.
Contact Person	Anand Raje
Organization / Affiliation (Please state "Individual" if appropriate)	India Internet Foundation
Designation	Trustee
Economy of Residence	India
Primary Stakeholder Group	Technical Community

Part 2 - Workshop

Primary Theme	Building Trust, Resilience, Safety & Security (TRUSS)
Primary Sub Theme	Cyber Resilience
Secondary Theme (if any)	Trust, Security, Stability, Sustainability
Session Title	Standards Ensures Resiliency

Description of Session Formats **Birds of a Feather (BoF)** – An informal discussion session designed to connect the participants of shared topic of interests without a pre-planned agenda. **Panel** - Presentation and/or sharing of viewpoints by speakers on a particular topic. The number of speakers on the panel shall not be more than 4 to allow sufficient time for interaction with the attendees. **Roundtable** - Interactive dialogue involving all participants with designated moderators and not more than 2 speakers.

Specific Issues of Discussion

The Internet is becoming more and more important for societies and the recent pandemic situation has increased its importance multifold as key services have moved online. The new set of users are from diverse geographical locations being forced to go online. This online movement has created issues of Digital Divide and also issues of trust and availability. The life of common man is dependent on the availability of the Internet. Poor services and less than optimum Internet delivery infrastructure and bandwidth quality can ensure the resiliency and the availability of the INternet. This panel will discuss the current issues being worked upon nationally and globally on ensuring the resiliency of the Internet.

Describe the Relevance of Your Session to Theme

Internet measurement from user endpoints of different protocol parameters provides understanding of the issues and pinpointing the gaps thereby helping coordinating with different stakeholders to strengthen the infrastructure.

Methodology / Agenda

1. Welcome Remarks by Moderator
2. Efforts locally and globally for Ensuring Cyber Resiliency
3. Role of Standards in ensuring Cyber Resiliency
4. Summarization and Way Forward

Please provide 3 subject matter tags that best describe your session. #standards #CyberResilience # CapacityDevelopment

*Please specify gender e.g. agender, cis woman, cis man, female, gender-fluid, gender-neutral, male, trans woman, trans man, etc.

Moderators & Speakers Info (Please complete where possible)

	Moderator (Primary)	Moderator (Backup)	Speaker 1	Speaker 2	Speaker 3	Speaker 4
Name	Anupam Agrawal		Ashish Tiwari	Amitabh Singhal	Anand Raje	Harish Chowdhury
Organization			BIS		IIFON	NFSU
Designation			Scientist D		Trustee	Research Fellow

Please explain the rationale for choosing each of the above contributors to the session.

APNIC provides Internet Number Resources, ISOC works on ensuring Internet Resiliency.
