3. Inclusion and Diversity

Does the proposed workshop represent viewpoints from multiple stakeholders and provide diverse cultural, gender and geographical perspectives including disability groups? Are there multiple stakeholder groups on the panel? Are the listed panellists qualified to represent various distinct stakeholder groups and the topic being discussed?

4. Engagement

Does the format selected, the number of speakers and the length of the proposed workshop support participation from the audience? Does the proposal provide details of how the session will be run to promote discussion and engagement from the audience? Does the proposal state how to incorporate remote participation and contributions into the discussion?

IIGF2024 Theme Committee strongly encourages each organizer to focus on submitting quality workshop proposals to enhance the chance to be selected.

Upon evaluation the Theme Committee of IIGF 2024 may suggest selected workshop organizers with thematically similar proposals to form mergers. This is to accommodate more diverse and quality sessions on the program agenda. However, organizers are under no obligation to accept a merger but may carry a risk of losing the opportunity to conduct their session.
